Bringing It All Together:
Export Controls in the Age of AUKUS

2024 Annual Export Controls Training & Conference

This three-day event provides an opportunity for professionals in the Australian defence industry to obtain training on updated U.S. and Australian export controls, network with export compliance specialists and peers, and hear presentations on new developments affecting export controlled technology in both Australia and the United States.

6-8 May 2024

Day One

Day 1: $799 per person, plus GST*

Give us a day and we'll teach you the basics in this interactive workshop. Day One is a fundamentals course covering the management of assets controlled by the International Traffic in Arms Regulations (ITAR), Export Administration Regulations (EAR) and Australian Export Controls. The day will conclude with a networking dinner for all event registrants. Attendees may wish to use this day to satisfy their annual training requirements.

Day Two

Day 2: $799 per person, plus GST*
$399 PM session only

Day Two is for the advanced practitioner. We build on the Day One foundations course, or your work experience, to discuss legislative updates and workforce management issues in both industry and Commonwealth. We will provide practical advice for preparing a Technology Control Plan and managing controlled and sensitive information. We have incorporated a panel on Best Practices for the Management of Controlled Technology, as well as a panel on the Impact of Legislative Changes on Australian Industry.

Day Three

Day 3: $699 per person, plus GST*

Day Three is a series of lectures on specialised topics covering changes that affect cybersecurity standards, the space industry, the nuclear submarine program and working with government agencies. We will have breakout sessions in the afternoon by special guest presenters.

* Fees include course materials, morning tea, lunch and afternoon tea. Early bird discount before 15 March.
